Overview

Manufacturer Provided Description

With big-boat standard features in an easily trailerable package, the 240 Outrage is ready for serious bluewater fishing right out of the box. Its wide beam provides plenty of space for 360-degree fishing for up to a dozen avid anglers - made to feel comfortable and secure, thanks to high interior freeboard, stainless steel toe rails and aft coaming bolsters. There's ample storage for everyone's gear, including rod holders at the gunnels and transom, as well as under-gunnel rod racks, plus port and starboard fishboxes to hold the day's catch. An enclosed head / storage area helps keep the fun going all day long without heading back to shore. And getting in and out of the boat is easy, with a convenient transom door and integral swim platform with grab rail and stainless steel swim ladder. Select from a host of options, including dual engines, leaning post options and much more.
