## **Performance**

QUEEN AIDA reaches speeds of 21 knots with her twin MTU 16 V 4000 engines, making her agile for a 579 GRT, full displacement steel yacht.

The engines have been rebuilt in their lifetime and currently have around 4,780 hours each and the two main generators were replaced in 2008.

The yacht also benefits from a shore power transformer making her ready for action either side of the Atlantic and beyond.
