## General description

### **The ACURY MY 114m Conversion or new build project for the Extraordinary Gentleman**

This design idea was to convert an existing hull (as you can see in the pictures section) into the shape of an Orca whale.

OR

Can be started as a new build project according to your **extraordinary** ideas.

### **Here are some interesting design ideas:**

Very interesting solutions appeared during following that design idea. some examples:

- we do have on one of the decks a car road from the bow to the mid section to drive out and in with cars
- we also have a golf court there
- many pool and relax areas
- 2 large atriums
- huge master space deck
- any **extraordinary** ideas can be integrated into this project

If you would like to do a similar idea, please let us know. We would love to design and convert or build your idea into reality.

To convert or build a new Mega Yacht is a fantastic exciting experience for You and us and we would like to be your professional partner on your side.

We even are able to support and assist You to finance your ideas and this kind of project.

Please contact us if you have any similar kind of project on your mind. Thank you

We even are able to support and assist You to finance Your ideas and special dream project .

ACURY TEAM
